

Happenings of a Local and Personal Nature.

Miss Eula Cox, of Cox's Bridge, is visiting relatives at Chattanooga, Tenn. Dr. W. F. Austin, dentist, will be in his office at Easley September 15th and 16th. Dr. Wardlaw has so much work on hand that he has decided to stay another week in Pickens. The paper is delayed this week on account of our shipment of paper not reaching us on time. Liberty bought her first bale of new cotton on the 8th inst., from Wyatt O'Dell, paying 12 1/2 cents therefor. R. C. Carter, Liberty, has received a lot of the celebrated "Thornhill" wagons which he will sell at the right price. Messes Bessie and Annie Shanklin, of Easley, spent several days in Pickens last week, the guest of Mrs. C. E. Robinson. Jobbery Hester, of the Deansville section, was stricken with paralysis last Saturday evening and died Monday night. We have one second hand, one-horse buggy for sale. Been run very little. Any reasonable price will buy it. Craig Bros. School teachers and trustees will do well to buy their crayons from us. Ten cents a box, and they are all good. Pickens Drug Co. The merchants of Liberty are putting in big stocks of goods and are expecting the biggest trade this fall in the history of that bustling town. Len. Rosamond, colored, left last week for Tuskegee, Ala., to enter Booker Washington's school. Len is a good negro and will do well at anything he goes at. Rev. J. E. Foster was elected pastor of Seena last Saturday. This is the tenth year he has served and the church is progressing wonderfully under his ministry. The second planting of corn on Keowee and Seneca rivers, is very fine, and the farmers will not lose much by the destroying of their crops by the June cloud burst. Give us your order for job printing. Our line of stationery is complete and we can do your work with neatness and despatch. Call and get our prices. We can save you money. Capt. R. E. Steele, of the Crow Creek section, had the misfortune to lose a very fine and valuable mule Saturday from getting its leg broken and was in such a condition it had to be killed. Ben Fisher, of Jocassee, says he can stand on a mountain, near his house, and count there seventy water spouts had washed large rocks and immense timber leaving the land as clean as a road. Clinton Barker and Misses Lizzie, Lettie and Minnie Barker, of Oconee, Miss Ada Mauldin, Leslie Morgan and Misses Elsie and Ola Morgan, of Praters, attended services at the Methodist church last week. R. C. Carter is connected with two other very large stores and they buy their goods in such quantities that it enables him to save you money on most everything you buy from him. See his change in ad. The supply of peach seed being so much greater than the buyers expected, we are unable to handle any more at \$1.00 per bushel, but want fifty bushels at 60 cents. Craig Bros. N. D. Taylor, photographer, will be in his studio at Pickens, in the Carey old building, next Tuesday and Wednesday, September 15th and 16th. If you want first class work call on him, and rest assured you will get it. Now is your chance. They must go regardless of price. I still have a few second-hand sewing machines left which will be sold at some price. Come and get one before they are all gone. They all do good sewing. W. H. Johnson, Pickens, S. C. The following are arrivals at the Ambler House: Mesdames W. P. Smith, Georgetown, D. T. Smith, Georgetown; L. D. Melton, Columbia; Misses Francis Smith, Georgetown; Florence Melton, Columbia; Eva Schwing, Greenville; Ida Schwing, Greenville; and Beaufort Smith, Georgetown. Mrs. Nancy Wilson, who resides two miles below Central, and who is 97 years old, had a corn patch this season. In her 95th year she carded, spun and wove the cotton into extra heavy cloth and made it into meal sacks. She presented one to Mr. Aron Boggs, who immediately filled it with corn and presented it to her. Prof. R. K. M. on and wife have been re-elected to teach the colored graded school at this place. That is the best thing the board could have done for the colored people and their school. He is now teaching the Rock school near Table Rock, and will be there until the 25th inst. Announcement will be made later as to the opening of the school here. Isaac Langston, a good citizen and Confederate soldier, died at the home of his son-in-law, Charles Childress, on the 7th instant, at the age of eighty-four, and was buried on the 8th at Bethlehem, in the presence of a large concourse of friends. He was a good man, had been a member of the Methodist church for many years. He leaves several children, besides a host of relatives and friends to mourn his death. F. A. Robinson, of Charlotte, N. C., representing "Robinson Bros. Bleaching Co.," is now in Pickens introducing the "Safe" Washing Fluid" an article located in every household, for cleaning clothes, floors, glass and tinware, stove vessels, etc., in fact cleans anything that can be cleaned with soap, for which it is an excellent substitute. It is under a guarantee to do all that is claimed for it. You should have it because of its worth and cheapness.

James H. Powers, son of J. T. Powers, of the Keowee side, is attending the commercial course at Converse college, Spartanburg, and stands at the head of his class. He will graduate shortly in the business course and also in stenography. Monday was a holiday, but there was nothing to sell. There were several people in town and a good time they had talking of the good crop prospects. Tuesday several people were here on account of the regular meeting of the County Commissioners. This paper is published to disseminate the news, and we can only give the news whenever we learn of it. We want to give you value received for your money and all the news we can, so will appreciate very much any items you will send us. While they may not be news to you, remember that others will appreciate reading them. Just send us the skeleton on a postal card and we can put the clothes on it. Confederate veterans representing the various townships in the county met in the court house Monday and elected four of their number to constitute the county pension board, which serves for one year. The following gentlemen were elected: J. B. Newberry, chairman; S. T. Prior, J. J. Herd and R. C. Johnson. This is an excellent set of gentlemen composing this board and the interests of the old soldiers are in safe hands and their interests will be carefully looked after. Our exchanges have been for some time chronicling in glowing terms "our first bale of cotton." It is our pleasure to report that Pickens has received her "first bale." It was brought to town by our enterprising hustling farmer friend, J. P. Smith, of Pea Ridge. The bale weighed 551 pounds and was bought by Heath-Bruce-Morrow Co. The price paid was 12 1/2 cents, thereby netting the producer \$69.56. This same Pea Ridge section of Pickens county will have to be christened "Cotton Ridge," for it has become the best cotton raising section of Pickens county. School opened Monday morning with 119 pupils. The enrollment by grades is as follows: First, 16; second, 18; third, 13; fourth, 9; fifth, 8; sixth, 18; seventh, 12; eighth, 12; ninth, 13. This is 25 per cent more than any enrollment on the first day since the establishment of the Graded school three years ago, and 50 per cent more than the first year. With the increased enrollment which the Graded school has, due mainly to the efforts of the efficient superintendent, Prof. W. E. Dendry, the present building will not hold the scholars. We think it advisable for the trustees of the school property to devise a plan whereby a new and more commodious building can be had. If they go to work at it they can have the new building ready by the first of the year. It can be easily built by the town issuing bonds and it will be paid for so easy that the folks will not know how it is done. What say you, trustees? Will you begin in time? Contract to Let. Will let contract to repair piers at Hunt's bridge on Saluda river, on Sept. 25th, at 12 o'clock. L. D. Stephens, Supervisor Pickens Co. J. E. Speegle, Supervisor Greenville Co. Trespass Notice. All persons are hereby warned not to hunt, fish, cut timber, make roads, travel through, or in any manner whatever trespass in any way upon any of our lands or any lands in our control, under penalty of the law. Mrs. Alice Cochran, Aron Boggs, W. A. Boggs, J. W. Smith, O. M. Watson, Calhoun, S. C., Sep. 10.m1. Twelve Mile Happenings. We have been having some dry, hot weather with cool nights. Crops are very good in this section but are needing rain. Prof. Wyatt O'Dell closed a very successful school at Gates school house the 4th inst. There was an average attendance of ninety-five. D. A. Higgins has built a new water wheel at his mill. He is arranging to do ginning this coming season. The citizens of this community are going to build a bridge above Gansaway's bridge. Cow Boy. Miss Gossie Palmer and Miss Flora Graham, of Anderson, have been visiting the Misses Howell. Job Hendricks and sister, of Meot, visited Miss Lula Powers Saturday and Sunday. Mrs. Luther Kolley, of Catoochoo, is spending a few weeks with her mother, Mrs. N. M. Madden. H. G. Powers, of Toocoo, Ga., spent a few days with his parents last week. I think the wedding bells will ring soon. I see he is loading at his home. The crops in this section are needing rain very badly. The members of Mt. Zion church, near Central, have greatly improved the yard and cemetery. Rose Bud.

Liberty Locals. Sept. 4th 1903. Protracted meeting continues at the Baptist church with much interest manifested and forty accessions to the church. The meeting is conducted by Rev. Samples, of Greenville. Factory wheels no longer turn for want of cotton. The supply is daily expected. Many of the operatives have moved away. The annex to cotton mill is about ready for the machinery. There are several new buildings under way. T. N. Hunter has let the contract for building his brick store to Contractor B. E. Gandy, of Pickens. Material is being placed on the ground. J. C. Rankin has purchased the corner lot on which Dr. Hollingsworth's old livery stable stood and has begun to roll his store building on it. Crops are suffering for rain now. The S. C. Presbytery convened the 2d inst. Several cases of fact in this section. September on hand cool and refreshing after long protracted hot weather. New brick station and town court house about finished up. Offenders will soon have more comfortable quarters when lodging with town Paps. The dust from a distressing drought was almost suddenly transformed into mud Tuesday morning just at day break. The Presbytery closed Friday evening after a well attended and harmonious meeting. The next meeting will be held at Honen Path. Protracted meeting at the Baptist church closed the 2d inst., with 40 additions to the church. The meeting was conducted by Rev. Samples, of Greenville. It was a great revival and much good accomplished. Thomas Watkins and Miss McWhorter were married at the home of the latter's brother, B. W. McWhorter, Magistrate S. W. O'Dell officiating. The Baptist brethren have become convinced that the seating capacity of their church is not sufficient and are talking of building a new church. The Graded school opened Monday with Prof. J. A. Stoddard, of Laurens, as principal. Miss Fyke, of Spartanburg, and Miss Kirkley, from down the country, are assistants. The educational rally Saturday night was a very interesting occasion. Addresses were made by Supt. L. T. Hallum, Prof. Johnson, Attorney McSwain, of Greenville, and Prof. Morrison, of Clemson College. Many School Children are Sickly. Mother Gray's Sweet Powders for Children, used by Mother Gray, a nurse in Children's Home New York, break up Colds in 24 hours, cure Feverishness, Headache, Stomach troubles, Teething Disorders, and destroy Worms. Crops were nearly parching up for need of rain. Mr. and Mrs. F. R. Hendricks, of Wallhalla, were the guests of the family of his brother, W. A. Hendricks Saturday and Sunday. Miss Ida Fendley, of Stewart section visited friends in our section Thursday last. Mr. and Mrs. W. A. Hendricks are visiting relatives and friends at Easley this week. Don't forget the baptizing at Six Mile second Sunday in this month. Cotton picking is near at hand. Won't it be hard on we poor little children. Health was never better than it is at present writing. Mr. John Stewart, of Alexander, made a brief visit in our section Thursday last to see his blackeyed girl. Bud Rice has finished his new residence and moved into it. A. P. Alexander, of Stewart, visited his daughter, Mrs. C. L. Williams Saturday last. Mrs. P. W. Willimon, who has been on the sick list for some time, am glad to say is much improved. Miss Sophia Mauldin visited Miss Lucy Mauldin, a charming young lady, of Stewart, Sunday. We witnessed the death of our deceased friend, Richard Arnold, who died at his home at Norris. His death occurred on the 5th inst., and he was 38 years of age, and a consistent member of the Methodist church. He was kind and benevolent to every one that he met, and gained a host of friends. His remains were interred the day following at Mt. Zion cemetery, Rev. L. G. Clayton conducting the funeral services. He leaves a dear companion and five children to bewail his death and a host of relatives and friends who sympathize with them in their bereavement. Samuel Smith and sister, Miss Leilo, of Anderson, spent a few days with relatives and friends in our section last week. While H. B. Bowen, Norris, was passing through this section last week, his mule became frightened and threw him out of the buggy, but he was not hurt. W. B. Mrs. Fred Unrath. President Country Club, Benton, S. C. "After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise." Wine of Cardui reinforces the organs of generation for the relief of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.
